## **Public Auction**

## **Information**

In response to the types and quantity of the items written off by government departments and of the items confiscated to the Macao SAR, public auction will be held by the Financial Services Bureau on a non-periodical basis.

At present, the public auction held by the Financial Services Bureau adopts the form of verbal bidding. According to the types and status of the items sold for each public auction, different Conditions of Sale will be elaborated. Since participation in public auction implies complete acceptance of the present conditions, those interested in bidding should pay attention to the content of Conditions of Sale for the public auction to be held at each time.

According to the present Conditions of Sale, interested parties can participate in bidding in the public auction after paying the guarantee by presenting the identification document (including foreign passport). Regardless of the location of items being sold, successful bidders are responsible to collect and handle the goods as regulated in the Conditions of Sale.

As the public auction held by the Financial Services Bureau is opened to the public, those who are interested are admitted to attend as audience and aware of the results of bidding.

The announcement of the public auction will be published in the Government Gazette of Macao SAR, Chinese and Portuguese newspaper as well as the website of the Financial Services Bureau, whereas the Conditions of Sale and the photos of the items sold can be viewed in the website of the Financial Services Bureau. Interested parties can also make the consultation at the "Finanças" Building at the same time.

Furthermore, before the public auction is held, interested parties can preview the items sold according to the dates and locations as stated in the public announcement, and the photos of the items sold in the website are for reference only.

(The English version is translated for reference only. In case of discrepancy , the Chinese version should prevail.)
